Tasks

Complete the following activities:

1. If you do not know the Tashahud, memorize it this week. Break it up into sections and memorize a section each day or as you are able. Recite this to your teacher daily this week.
2. Copy the part you are memorizing each day, at least 5x times in Arabic or as directed by your teacher.

Tip: Write the tashahud double spaced as you learn it. Write the corresponding English underneath each word/phrase. Remember: You need to understand what you are saying, not just memorize the text.

Teacher Tip:

At the end of the week, provide a matching English/Arabic of portions of the text of the tashahud.

3. What should one seek refuge from in the final tashahud?

4. What is said after seeking refuge from these four things?
