Conjugation Recording/Review Sheet

Use this sheet to record the conjugations of each new verb that you learn. Review the list often. This sheet is for third person, masculine past and present only. Why? Memorize the two together (third person masculine past and present) and it will help you to be able to conjugate on the fly for other persons, insha Allah.

Example: When learning a new verb, such as ka-ta-ba; memorize: ka-ta-ba, yak-ta-bu. Repeat these often together. In the case of verbs without weak letters, this should enable you to conjugate for other persons if you have learned the subject markers (tu-ending for past, I; ti- ending for past, you (f), etc). Table is set up to be able to record 4 different verbs per row.

he (present)	he (past)	he (present)	he (past)	he (present	he (past)	he (present)	he (past)
						يَكْتُبُ	كَتَبَ
